

Sinclair
Broadcasting is
planning on showing
a political program
over the airwaves
that will not be
balanced by other
viewpoints,
essentially forcing
its stations to
broadcast without
choice. This must
be illegal using the
public airwaves, and
it is up to your
department to make
sure this doesn't
happen. Opinions
are fair but this
appears blatantly
illegal.

I urge you not to
renew their licenses
in the areas this
unfair use takes
place. This has
really gone too far.
Please make sure the
media ownership
rules are followed.

Thank You,
Jerry Redpath
